

TOWN OF HAMILTON

BOARD OF SELECTMEN

The Town of Hamilton Selectmen are sponsoring a workshop focusing on the future of the town center/business district/downtown. The purpose of this effort is to help envision future opportunities to improve the center/business district/downtown, including roles and actions the Town might initiate. This process is being facilitated by a professional Planning and design firm, The Cecil Group.

This Town-Wide Workshop will occur on **September 26th at the Winthrop School from 8:30 - 11:00**. Community involvement is a vital component of this workshop and participation of residents, business owners, property owners, town officials, school representatives, Wenham residents and others is anticipated.

Anyone who has an interest in sharing their opinions about the center/business district/downtown and who would like to take part in the collaborative process of generating ideas and directions for the center/business district/downtown future is encouraged to attend.

The results of the workshop will be used to inform the town's planning process for the center/business district/downtown.

The workshop will include:

- * a brief presentation of existing conditions and issue
- * case studies of other Village and Town center/business district/downtown around New England
- * discussion groups to generate ideas and drawings
- * a wrap up session to consider the workshop results

For questions or more information, please contact Meghan Grafton at The Cecil Group, email: mgrafton@cecilgroup.com or 617-426-5050.
